

102.5 Mountain FM \$1,000 ATM Game Fall 2019

The 102.5 Mountain FM \$1,000 ATM Game will be played Monday through Friday from 6am to 7pm starting Monday, September 10, 2019, up to 12 times a day.

To become an eligible Player, text "Players" to 40691 and give us your name. Only one player per smart phone number. Or you may email your name and landline number to ATM@Mountain1025.com. You only need to register once for the Fall 2019 \$1,000 ATM game.

We will call eligible Players on their smartphone or landline and play the game, to be aired later. If the numbers do not conform to contest rules, we will go to the next Player for their ATM guess.

The winning "ATM PIN-Code" is four numbers given in the proper order. The numbers are between 1 and 99, including 1 and 99. Numbers are not repeated in an "ATM PIN-Code".

After a Player gives their pin code guess, the announcer will tell everyone what numbers are: 1) incorrect, 2) correct, but not in the right position (REVEALED) or 3) correct and in the right position (LOCKED IN). These numbers will not be announced on air any other time, nor will our staff give numbers to callers over the phone or via email between Rounds.

Once a correct ATM PIN code number is revealed it must be used in all subsequent Daily ATM Games. Guesses that do not use REVEALED or LOCKED IN PIN-Code numbers will be deemed ineligible.

When an eligible Player guesses the correct four-number "ATM PIN-Code", in the correct order, they will win \$1000. After a \$1000 prize is awarded, a new ATM Game begins. Eligible Players are 18 years of age or older.
